NOTES AND PRECIS.

D.No. 179.　　　S.N. 1.

① Grant is applied for two purposes:-

	Cost of work	Grant applied for
(1) Providing play ground	Rs 668-10-0	Rs 334-5-0
(2) Reconstruction of garage.	Rs 352-0-0	Rs 100-0-0

② The play ground is intended for school purposes and a grant for its provision is admissible under Article 52 (c) of the Code.

It is not clear whether 'garage' can be brought within the term 'School buildings' used in Article 52(a) of the Code. Possibly Audit may raise objections to giving a grant for the construction of the garage.

④ It may however be possible to include in the estimate for the playground a compensation of Rs 200 on account of the dismantlement of the garage. If the estimate is revised accordingly there will be no objection to our sanctioning a half grant of Rs 100 towards the garage.

⑤ The Inspector may be asked U.O. whether he agrees with the suggestion in Para 4 and if so to forward revised proposals.

6. In the circumstances of the case it seems to me that the cost of re-constructing the garage becomes a part of the cost of providing the play-ground. The construction of the playground involves the removal of the garage and latrine to another site and it seems to me that the whole thing can be regarded as one single transaction qualifying for a grant under Article 52(c). If there is any doubt on this point, F.A. should be consulted.

Sanction was accorded to the grant to the Methodist Girls' School, of a sum of Rs.434/5/- for providing a play ground for the school. The Management of the school request that they may be exempted from executing the necessary trust-deed for reasons stated in their letter (para 3) to the Inspector..

C.P.17 / P.U.C.

The latter recommends their request. Exemption may, if approved, be granted under Art.57(ii) of the Code of Regulations for European Schools. Draft submitted.

Regd. No. 179
File No. 80/36

Dated 7 Jan. 1936

From F.F.C. Edmonds, Esq., M.A., B.Sc.,
Inspector of schools, Coorg & Bangalore,
Bangalore.

To

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

Sir,

I have the honour to forward herewith an application from the correspondent, Methodist Girls' school, East Parade for a grant towards the cost of providing a playground for the school.

The space available at present for the recreation of the children is inadequate. It is therefore proposed that a plot of adjoining land at present forming a part of the compound of the Methodist Mission bungalow be converted into a playground. The land is the property of the Mission and has not therefore to be acquired; but two additional buildings, one a garage and the other a latrine have to be dismantled. The additional work involved consists of raising the existing compound walls, constructing a partition wall on the Southern side, reconstructing the garage and the latrine to the South of the partition wall, and clearing and levelling the ground.

The estimated cost of the whole work amounts to Rs. 1020-10-0 as shown below:-

Estimated amount for reconstructing the garage.	Rs.	406
Add 5% for contingencies.		20
		426
Add 8% for supervision...		34
	Total	460

	Total	460		

The rate of the accepted tender
is 23½% below the estimate.

net amount of the estimate = 460 (-) 108 = 352/-.

The garage is an old one and I therefore recommend that under Article 52 of the Code of Regulations for European schools, in the Civil and Military Station of Bangalore, a grant not exceeding Rs. 100/- (as compensation) towards the cost of reconstructing the garage and a half grant not exceeding Rs. 334-5-0 towards the rest of the work may kindly be sanctioned.

The amount will be met out of the allotment under " Account II Education. D. Primary - Direct grants to non-Government Primary schools - Special grant.- Building grant", in the current year's Mysore Assigned Tract Budget.

Plan and estimate prepared by the Municipal Executive Engineer are also enclosed.

I have the honour to be,
Sir,
Your most obedient servant,

Inspector of schools,
Coorg & Bangalore.

Sir,

In forwarding herewith the copy of a letter dated 28-3-1936 from the Correspondent, Methodist Mission Girls' School, East Parade, requesting that he may be exempted from executing a Trust Deed in respect of grant of Rs. 434-5-0 sanctioned for providing a play-ground - please see your No. F. 80-36/R.O. II, dated 5-2-1936, I have the honour to state that the work was completed late in March, and as the grant had to be drawn before the close of the financial year, the amount was authorised for payment pending disposal of the question of the execution of the Trust Deed. A copy of the order authorising the payment of the grant was sent to you in this office No. 1146/B/2/35, dated 30-3-1936.

S.N.2/C.p. 13 of (P)

S.N.3/C.p. 14 of (P)

In this connection I invite a reference to your No. 883/787-1931, dated 4-2-1932, wherein, while sanctioning a grant of Rs. 2000/- towards certain additions and ~~conversions~~ alterations to the school building, the management were exempted from executing a Trust Deed.

S.N.2/787-31 of (N)

In these circumstances, I recommend that in respect of the grant of Rs. 434-5-0 also sanctioned in your No. F. 80-36/R.O.II, dated 5-2-1936, the management may kindly

kindly be exempted from executing a Trust Deed.

I have the honour to be,

1. With reference to your Memorandum No. 472/B/2/35, dated 7th February 1936 forwarding a copy of Memorandum No. F.80-36/R.O.II from the Secretary to the Hon'ble the Resident in Mysore, I have the honour to inform you that the work referred to therein has been completed, and the bills paid.

2. I enclose the receipts, and a completion certificate from the Municipal Engineer as requested, in order that the sanctioned grant of Rs. 434-5-0 may be paid.

3. There has as yet been no time for the preparation of the Trust Deed, and in this connection we would raise the question of the necessity for such a deed. No extra land has been purchased for the use of the school, a portion of the land that was already the property of the Methodist Missionary Society having merely been walled off to serve as a playing-ground for the school children. The scheme has not involved the erection of any building for the use of the school. Furthermore, a portion of the sanctioned grant was towards meeting part of the cost of transferring two buildings, namely the motor-shed and latrine, that were standing on the plot of land now made into a playing-ground to another part of the same Mission compound. These two new buildings are naturally not being used for school purposes, and the terms of the Deed could not apply to them:

4. We would further refer you to Memorandum No. 384/1-24, dated 8-2-1932 from your office, para 3 of which exempted the managers of this school from the execution of the Deed when a building grant was sanctioned at that time. In view of these considerations we shall be glad to receive your advices as to whether a Deed is necessary.

Sir,

I have the honour to invite a reference to your Memorandum. No. F. 80-36/R.O.II, dated 12-5-1936 exempting the management of the Methodist Mission Girls' School, East Parade, from executing a Trust Deed under Article 57(ii) of the Code of Regulations for European Schools in respect of a grant of Rs. 434-5-0. sanctioned in your No. F. 80-36/R.O.II, dated 5-2-1936 towards providing a play ground for the school.

This year in August last I received an application from the Correspondent of this school for a half grant towards providing "bonnets" or sunshades to the windows at the west end of the school building. The estimate for the work amounting to Rs.40, was approved by the Municipal Executive Engineer, and a half grant amounting to Rs.20 was sanctioned. The work was completed, and the Executive Engineer has furnished a completion certificate.

As the amount involved is so small and as the work has been satisfactorily completed, the grant has been authorised for payment.

In these circumstances I request that the management may kindly be exempted from executing a Trust Deed in respect of this grant also.

I have the honour to be,

Sir,

In forwarding herewith a copy of letter dated 2-11-1936 from the Correspondent, the Methodist Girls' School, East Parade, I have the honour to state that at the request of the Correspondent I inspected the building on the 3rd August 1936, and became fully convinced of the urgent necessity of the work it is contemplated to carry out. I recommend, therefore, that the permission applied for may kindly be given without prejudice to the question of sanctioning a grant for the purpose, which will be considered next year.

I have the honour to be,

Sir,

Your most obedient servant,

Ag. Inspector of Schools,

Letter dated 2-11-1936, from the Correspondent, The Methodist Girls' School, East Parade, Bangalore, to the Inspector of Schools, Coorg & Bangalore.

It has recently become apparent that the south side of the Boarding establishment of the above school urgently needs re-roofing. The monsoon has revealed the roof to be in a dangerous state, and at the moment we were not able to use two small dormitories. It is suggested by the management that this work, together with the dismantling and rebuilding of the dining-room porch the unsafe state of which you pointed out in your last inspection report, be done during the Christmas holidays this year while the Home is not occupied. We have an approximate estimate from a contractor for this work, amounting to Rs. 1,100, (one thousand one hundred only). We understand that there is no part of this year's Building Grant available, but we ask if a sum from next year's grant could be set aside towards the cost of these repairs, with permission to be given for the work to be proceeded with during December this year.

I may remind you that the work referred to is that which you were good enough personally to inspect a short time ago at my request. We trust this application will be favourably considered.
